OFFICIAL PRODUCT TRACEABILITY & HYGIENE CONFIRMATION

Date: 24 October 2026 **Delivery reference:** 80001

To whom it may concern,

On behalf of [redacted] we hereby confirm the following regarding GOAT Protein 2.0 manufactured for RoRoh GmbH in October 2026:

1. Raw material traceability. Goat Whey Protein Concentrate 80 (Goat WPC80), raw material batch 251113-25, as identified in the Westland laboratory report, was used to manufacture both GOAT Protein 2.0 flavors: Cacao and Bourbon Vanilla.

2. Finished products. The two finished GOAT Protein 2.0 products manufactured for RoRoh GmbH in October 2026 were Bourbon Vanilla (500 g) and Cacao (500 g).

3. Initial delivery and hygienic filling. The initial shipment delivered on 20 October 2026 consisted of 50 pouches (500 g each) of Bourbon Vanilla and 50 pouches (500 g each) of Cacao. These pouches were filled under controlled hygienic conditions in accordance with our applicable production and handling procedures.

4. Product safety status. As of the date of this statement, we are not aware of any contamination issue or product safety concern relating to the initial shipment described above. This confirmation does not replace independent finished-product testing.

5. Permission for publication. [redacted] authorizes RoRoh GmbH to publish this signed statement on its website alongside the corresponding Westland laboratory report. Permission to publish the laboratory report itself must be obtained from its rights holder.

Sincerely,

[redacted]
